I.—Rules for the election of the president of the council.

1. A candidate for the office of president must be proposed by one councillor and seconded by another. The names of all the candidates proposed and seconded shall be read out by the president or in his absence the presiding councillor and the rules of the association proposed at the meeting shall then be taken. A Government servant is not qualified to be nominated as a candidate.

2. Every councillor wishing to vote shall be supplied at the meeting with a slip of paper on which the name of the candidate shall be printed or legibly written in the following form:—

	Slip of candidate.		Vote

The president or the presiding councillor shall then open the box and count the votes in the presence of the council and declare the result of the election.

3. If there is only one duly nominated candidate no ballot is necessary and he shall be considered to have been elected, provided the proposal is carried by a resolution of the council. If there are two candidates, the one who secures the larger number of votes shall be considered to have been elected. If there are more than two candidates the one who obtains the fewest votes shall be eliminated and the votes taken again. If there is an equality of votes among all the candidates, or if two or more candidates stand on the list, there obtained an equal number of votes a ballot shall be taken in order to decide which of them shall be eliminated. The elimination shall be made until two candidates only are left when votes shall be taken for the last time and the candidate who secures the larger number of votes shall be considered to have been elected. In the event of there being an equality of votes at the final stage between the two remaining candidates, the president or the presiding councillor shall ascertain by raising lots in the presence of the council, which of the two shall be considered to have been elected.

Similarly a candidate who has been eliminated at any stage under rule III may take part in any ballot at subsequent stages.

6. No signature or writing of any kind will be permitted on any voting slip. Any voting slip which contains any signature or writing or on which a mark is made against more than one name shall be treated as invalid.

No 896.—Under sub-section (1) of section 158 of the Madras District Municipalities Act, 1884, the Government in Council desire the publication of the following modification of Rule 2 and the addition of Rule 4 which it is proposed to make under clause (a) of sub-section (1) of section 158 of the Act. Any objections or suggestions in respect of these proposals should be communicated to Government on or before the 15th November 1918. Names notified after that date will be considered.

The first paragraph of rule 2 will be modified as shown below:—

"Subject to the provisions of section 49 (3) of the Act, prescribing the manner of the Government in Council or three months' notice in writing as a preliminary to the dismissal of a Government servant from municipal employ, the Chairman of a Municipal Council shall have power to fine, suspend, suspend, dismiss or remove any servant of such council or discharge any such servant on the abolition of the appointment or the reduction of its emoluments, but no appeal shall lie to the Municipal Council in the case of all servants employed, suspended, dismissed, removed or discharged and in cases of dismissal, removal, or discharge, a second appeal shall lie to the Government in Council if an appeal dismissed, removed or discharged in cases where appointment requires the sanction of Government. No appeal under this rule may be entertained unless it is preferred within three months from the date of the order of the chairman or the Municipal Council as the case may be."

The following will be inserted as rule 4:—

"Before discharging an officer on the abolition of the appointment or the reduction of its emoluments, it must be carefully considered whether he can be sent to or otherwise provided for. The abolition of the officers to be discharged should prove false to be made that the last charge for gratuity will be issued.

Reasonable notice should be given to an officer in permanent employ before he is discharged. If in any case, notice of at least three months is not given, and the officer has not been provided with other employment on the date on which his services are dispensed with, then, with the sanction of the authority competent to dispense with the officer's services, a gratuity not exceeding his emoluments for the period by which the notice actually given to him falls short of three months, may be paid to him, in addition to the gratuity to which he may be entitled under article 33 of the Municipal Amendment Code. The gratuity prescribed in this rule is not granted as compensation for loss of employment but only in lieu of notice of discharge, with a view to mitigate the hardship caused to an officer by the sudden loss of employment. Where, therefore, an officer discharged without notice is provided with some other employment on the date on which his services are dispensed with, he is not entitled to any gratuity.

Unless it contains an express statement to the contrary no order for the abolition of an office or appointment or the reduction of its emoluments shall not be brought into operation till the expiry of three months after notice has been given to the officers whose services are to be dispensed with on such abolition or reduction. The Chairman will be held responsible that there is no unnecessary delay in giving such notice. In the case of an officer on leave, the order shall not be brought into operation until the leave expires."

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Indian Legislative Council on the 2nd September, 1918:

No. 14 of 1918.

A Bill further to amend the Sea Customs Act, 1878.

Whereas it is expedient further to amend the Sea Customs Act, 1878: It is hereby enacted as follows:—

1. This Act may be called the Sea Customs (Amendment) Act,

2. Section 105 of the Sea Customs Act, 1878, shall be re-numbered

section 105 (1) and to the same section the following sub-section shall be added, namely:—

“(2) In the case of goods which consist of drugs or articles intended for consumption as food, and in respect of which the taking of samples for the purpose of this subsection may

have been authorized by general or special order of the Local Government, the Customs-collector may also in like circumstances take samples thereof for submission to, and examination by, such officer of Government or of a local authority as may be specified in such order. The real value of all such samples shall be paid to the owner by the Customs-collector."

STATEMENT OF OBJECTS AND REASONS

The majority of the Local Governments have undertaken legislation in the local Councils for the prohibition of adulteration of food in general in this country. It is considered desirable that legislation in this respect should be supplemented by powers to prevent the importation of adulterated foods and drugs by sea. In order to attain this end, it is proposed to amend section 166 of the Sea Customs Act, 1878 (VIII of 1878), so as to empower Customs-collectors to take samples of articles of imported foods and drugs, in respect of which they may be authorized by any general or special order of the respective Local Government, for submission to, and examination by, such officer of Government or of a local authority as may be specified in such order. The Bill does not involve detention or seizure of the goods by the Customs authorities, but it is calculated to put the municipal health officers in a position to follow up and take action in respect of adulterated articles imported by sea.

The following Bill was introduced in the Indian Legislative Council on the 3rd September 1919.—

No. 15 of 1919.

A Bill further to amend the President Funds Act, 1897.

WHEREAS it is expedient further to amend the President Funds Act, 1897; It is hereby enacted as follows:—

that the

1. This Act may be called the President Funds (Amendment) Act, 1919.

Amendment of section 2 of Act I.C. of 1897.

2. For clause (3) of section 2 of the President Funds Act, 1897, the following shall be substituted, namely:—

"(3) 'Government President Fund' means a President Fund constituted by the authority of the Government for any class or classes of its employees or for teachers in educational institutions."

STATEMENT OF OBJECTS AND REASONS.

The question of making some provision for the old age of teachers is non-possessible service has been engaging the attention of Government for several years past. Early in 1914, the Government of India convened a small informal Committee to consider the matter, and as a result of the deliberations of that Committee, a draft scheme for the establishment of a President Fund was drawn up, and submitted for the views of local Governments and Administrations. The idea of the scheme was generally accepted and, after obtaining the approval of the Secretary of State, the Government of India recently introduced local Governments and Administrations an amended President Funds for teachers in non-possessible service at their own discretion as prescribed lines. It is considered desirable that contributors to the President Funds which may now be established should be afforded the same measure of protection against attachment by a Court of Law in cases of liquidation, etc., as is at present enjoyed by contributors to Government President Funds. This object is achieved by a small addition to the definition of the expression "Government President Fund" as used in the President Funds Act, 1897. In order, however, to make it clear that the expression "the Government" as used in that definition is intended to have the meaning ascribed to it in the General Clauses Act, 1897, it is proposed to re-enact the whole definition.

The following Bill was introduced in the Indian Legislative Council on the 2nd September 1919:—

No. 18 of 1919.

A Bill further to amend the Indian Naturalisation Act, 1902.

WHEREAS it is expedient further to amend the Indian Naturalisation Act, 1902; It is ENACTED, hereby enacted as follows:—

Enactment. 1. This Act may be called the Indian Naturalisation (Amendment) Act, 1919.
Enactment of section 8 of Act XXX of 1902 and insertion of new sections 15-A and 15-B. 2. (1) Section 8 of the Indian Naturalisation Act, 1902 (hereinafter referred to as the said Act), is hereby repealed.

(2) After section 11 of the said Act the following sections shall be inserted, namely:—

"15-A (1) Where the Government of any part of the said territories in which a person to whom a certificate of naturalisation has been issued under this Act for the time being resides (hereinafter called 'the Local Government') are satisfied that the certificate has been obtained by false representations or fraud or by concealment of material circumstances, or that the person to whom the certificate has been issued has shown himself by act or speech to be disaffected or disloyal to His Majesty, the Local Government shall, by order in writing, revoke the certificate.
 (2) Without prejudice to the foregoing provision, the Local Government shall, by order in writing, revoke a certificate of naturalisation in any case in which they are satisfied that the person to whom a certificate was issued—

(a) has during any war in which His Majesty is engaged unlawfully traded or communicated with the enemy or with the subject of an enemy state or been engaged in or associated with any business which is to his knowledge carried on in such a manner as to assist the enemy in such war; or
 (b) has within five years of the date of the issue of the certificate been sentenced by any Court in His Majesty's dominions to transportation, or penal servitude or to imprisonment for a term of not less than twelve months, or to pay a fine of not less than one thousand rupees; or

(c) was not of good character at the date of the issue of the certificate; or
 (d) has since the date of the issue of the certificate been for a period of not less than seven years continually resident out of His Majesty's dominions otherwise than as a representative of a British subject, firm or company carrying on business, or an institution established in His Majesty's dominions or in the service of the Crown, and has not maintained substantial connection with His Majesty's dominions; or
 (e) remains owing to the law of a state at war with His Majesty a subject of that state;

(3) In any case the continuance of the certificate is not considered to be of public good.

(4) Notwithstanding anything contained in sub-sections (1) and (2), no Local Government shall revoke a certificate of naturalisation issued by another Government without the concurrence of that Government.

(5) The Local Government may, if they think fit, before making an order under this section refer the case for such inquiry as is hereinafter specified, and, in any case in which sub-section (1) or clause (a), (b) or (c) of sub-section (2) applies, the Local Government shall, by notice given to, or sent by post to the last known address of the holder of the certificate, give him an opportunity of claiming that the case be referred for such inquiry, and if the holder so claims in accordance with the notice, the Local Government shall refer the case for inquiry accordingly.

(6) An inquiry under this section shall be held by such person or persons and in such manner as the Local Government may direct in each case.

(7) Powers specified under clause (a) of this sub-section shall be deemed to be public law of 1904, save as far as the meaning of the Indian Penal Code, and shall, for the purpose of such inquiry, have the same powers as are vested in a Court under the Code of Civil Procedure, 1908, when exercising such a power in respect of the following matters:—

(a) enforcing the attendance of any person and examining him on oath;
 (b) compelling the production of documents; and
 (c) making suggestions for the examination of witnesses;
 and any proceeding under this sub-section shall be deemed to be a 'judicial proceeding' within the meaning of sections 193 and 228 of the Indian Penal Code.

(8) Where a certificate of naturalisation has been revoked under this section, the person to whom it has been issued shall be deemed to be a British subject, and the certificate shall be given up and cancelled, and any person refusing or neglecting to give up his certificate shall be punishable with fine which may extend to one thousand rupees.

Effect of revocation
of certificate of naturalisation.

11-B. (1) Where a certificate of naturalisation is revoked, the former holder thereof shall thenceforth be deemed to be an alien and a subject of the state to which he belonged at the time the certificate was issued.

(2) Where a certificate of naturalisation is revoked, the Local Government may by order in writing direct that the wife and minor children (or any of them) of the person whose certificate is revoked shall thenceforth be deemed to be aliens, but where no such direction is made, the alienage of the wife and minor children of the person whose certificate is revoked shall not be affected by the revocation.

Provided that—

(a) it shall be lawful for the wife of any such person within six months after the date of the order of revocation to make a declaration of alienage, and she and any minor children of her husband and herself shall thenceforth be deemed to be aliens; and

(b) in the case of a wife who was at birth a natural-born subject of His Majesty, no such order as aforesaid shall be made unless the Local Government is satisfied that if she had held a certificate of naturalisation in her own right the certificate could properly have been revoked under section 11-A, and the provision of that section as to referring cases for inquiry shall apply to the making of any such order as they apply to the revocation of a certificate.

Amendment of section
14 of Act XXX of 1910.

3. In section 12 of the said Act between the word "shall" and the words "be deemed" the following shall be inserted, namely:—
"or may in so far as a different intention is expressed."

Amendment of "His
Majesty" by "Her Majesty".

4. For the words "His Majesty" wherever they occur in the said Act the words "His Majesty" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

The British Nationality and Status of Aliens Act, 1904 (4 & 5 Geo. V, c. 17), contained provision for the revocation of a certificate of naturalisation granted under that Act, on proof that the certificate had been obtained by false representations or fraud. That provision being found to be insufficient, the Act of 1904 has been amended by the British Nationality and Status of Aliens Act, 1919 (10 & 11 Geo. V, c. 31), so as to provide for the revocation of a certificate of naturalisation not only when it appears that the certificate was obtained by false representation or fraud, or by concealment of material circumstances, but also when the person to whom the certificate was granted has shown himself by act or speech to be disloyal or disaffected to His Majesty so as to show he is otherwise unfit to continue to enjoy the privileges of British nationality. It is considered that the local law in India should be brought into line with the British law on the subject, and it is accordingly proposed to amend the Indian Naturalisation Act, 1909 (XXX of 1909), so as to enable Local Governments in India to revoke certificates issued under that Act, in the same manner as is now provided for in the British Nationality and Status of Aliens Act, 1914.

The following Bill was introduced in the Indian Legislative Council on the 3rd September 1919:—

No. 16 of 1919

A Bill further to amend the Land Acquisition Act, 1894.

WHEREAS it is expedient further to amend the Land Acquisition Act, 1894: It is hereby enacted, enacted as follows:—

- | | |
|--|--|
| Short title. | 1. This Act may be called the Land Acquisition (Amendment) Act, 1919. |
| Amendment of section 1 of Act 5 of 1894. | 2. To clause (4) of section 5 of the Land Acquisition Act, 1894, the following shall be added, namely:—“and includes a society registered under the Societies Act of 1909, and a registered society within the meaning of the Co-operative Societies Act, 1912.” |

STATEMENT OF OBJECTS AND REASONS.

The object of the Bill is to extend registered societies within the meaning of the Co-operative Societies Act, 1912 (II of 1912), the same facilities as Companies, as defined in section 3 (b) of the Land Acquisition Act, 1894 (I of 1894), for the compulsory acquisition of land required by them. Difficulties in securing sites for buildings are often experienced by these societies, and it is desirable that they should be put on the same footing, in respect of facilities for the acquisition of land, as Companies.

Opportunity has also been taken to grant the same facilities to societies registered under the Societies Registration Act, 1909 (XXI of 1909), and the necessary provision has been made in the Bill.

H. M. SMITH,

The following Bill was introduced in the Indian Legislative Council on the 10th September, 1919:—

No. 55 of 1919.

A Bill further to amend the Cantonments Act, 1910.

WHEREAS it is expedient further to amend the Cantonments Act, 1910; It is hereby enacted as follows:—

1. This Act may be called the Cantonments (Amendment) Act,
1919.
2. In section 24 of the Cantonments Act, 1910—
XV of 1910.

*Amendment of section
24 of Act XV of 1910.*

(1) for clause (2) the following clause shall be substituted, namely:—

"(2) the prohibition of practice of any profession or of the carrying on of any trade, calling, or occupation in any part of the cantonment otherwise than in accordance with the conditions of a license; the fees payable for the grant and renewal of such license and the conditions by which and the conditions subject to which such license may be granted, refused, suspended and revoked."

(3) in clause (2) the words "littering or impetrating for the purpose of" shall be omitted, and after the word "cantonment" where it first occurs the words "of prostitutes and persons" shall be inserted.

STATEMENT OF OBJECTS AND REASONS.

Doubts have arisen as to whether the powers conferred on the Governor General in Council by section 24 (2) of the Cantonments Act, 1910 (XV of 1910), are sufficient to enable rules consistent with the Act to be made providing for the imposition of fees for the grant of license to persons carrying on certain trades, callings and occupations in cantonments. It is, therefore, proposed to take power to make rules which will admit of the imposition of fees for the grant of such license.

Again, section 24 (2) of the Cantonments Act, 1910, empowers the Governor General in Council to make rules, among other objects, for the suppression of "littering and impetrating for the purpose of prostitution" and for "the removal and exclusion from a cantonment of disorderly persons." These powers do not authorise the making of rules for the suppression of brothels, or for the effective prevention of prostitution in cantonments. It is a common fact that prostitution is also carried on in cantonment areas, without littering or impetrating for the purpose, and that prostitutes and persons are not necessarily disorderly persons, within the meaning of the section.

Under rule 12 (a) of the District of India (Cantonment) Rules, 1915, the competent military authority has power, where any house or building in any place where troops are assembled, or in the vicinity thereof, is used as a brothel or for the purpose of habitual prostitution, to discontinue the use of the house or building for those purposes. Power to act under this provision is however temporary, and in any case it has been found inefficient, since the persons dealt with under the rule merely another in a cantonment area and ply their trade in other houses or buildings. The law has also been evaded by the prostitutes marrying their pimps.

It is, therefore, proposed in the interests of the health of the troops, to take power to make rules which will admit of the suppression of the evils in question.

4. In sub-section (3) of section 3 of the said Act, for the words "the provisions of section 1" the words and figure "an authority constituted under section 2" shall be substituted.
5. For section 7 of the said Act the following section shall be substituted, namely:—

" 7. (1) Any Local Government authorized in this behalf by the Governor-General in Council may, by notification in the local official gazette, constitute as many authorities as it may think fit for the purpose of examining and certifying films as suitable for public exhibition, and declare the area (hereinafter referred to as the "local area") within which each such authority shall exercise the powers conferred on it by this Act. Where an authority so constituted consists of a Board of two or more persons, not more than one-half of the members thereof shall be persons in the service of Government.

(2) If any such authority after examination considers that a film is suitable for public exhibition, it shall grant a certificate to that effect to the person applying for the same, and shall cause the film to be entered in the prescribed manner. The certificate of any such authority shall, save as hereinafter provided, be valid throughout the territories in which this Act is in force.

(3) (a) If the authority is of opinion that a film is not suitable for public exhibition in the local area, it shall inform the person applying for the certificate of its decision, and such person may, within thirty days from the date of such decision, appeal for a reconsideration of the matter by the Local Government by which the authority was constituted.

(b) If the Local Government rejects the appeal it shall, by notification in the local official gazette, direct that the film shall be deemed to be an uncertified film in that local area, and such direction shall have effect notwithstanding the subsequent grant of a certificate in respect of the film by any other such authority.

(4) Any such authority may demand the exhibitors before itself at any certified film which it has reason to believe is about to be publicly exhibited in its local area, and may by order suspend the certificate of any such film pending the order of the Local Government, and during such suspension the film shall be deemed to be an uncertified film in that area.

Amendment of section 8
to Act II of 1918.

8. In section 8 of the said Act—

(1) at the end of clause (1) of sub-section (2) the word 'and' shall be omitted, and after the words there the following words shall be inserted, *namely* :—

"(4) the appointment of officers subordinate to a commission constituted under section 7 and the regulation of the powers and duties of such officers; and"; and

(2) for sub-section (3) the following sub-section shall be substituted, *namely* :—
"(3) The Governor-General in Council may delegate to a Local Government, subject to such conditions and restrictions as he may impose, the power to make rules regarding all or any of the matters mentioned in sub-section (2) as far as regards the territories subject to that Government."

STATEMENT OF OBJECTS AND REASONS.

The Geographical Act, 1918 (VI of 1918), has not yet been brought into force, as it appears that the local conditions and circumstances may be considerably so different provinces that the Act cannot be successfully administered without some revision of its clauses and simplification of procedure.

2. It is proposed, therefore, to introduce some modification of the Act in this direction. Thus it is proposed (a) to delegate to Local Governments the authority to constitute Certifying Boards, it being provided that not more than one-half of the members shall be officials; (b) to provide that certificates shall be valid in the ordinary course throughout India; but that a certifying authority shall have power to require the production before it of a form already certified by any other authority; (c) to make provision for the appointment of officers subordinate to certifying authorities; and (d) to delegate to Local Governments the power to make rules under section 8 (2) of the Act, subject to any general conditions or restrictions which the Governor-General in Council may impose.

3. Finally, provision is made for introducing the Act piecemeal, in order to allow a preliminary period during which owners of films now in use may submit them to optional certification before the Act comes into force.

BUREAU,

H. M. SMITH,
Offg. Secretary to the Government of India.

The following Bill was introduced in the Indian Legislative Council on the 17th September 1918:—

No. 25 of 1918.

A Bill to remove the restrictions imposed on the withdrawal of capital from the incorporation by Companies.

WHEREAS it is expedient to remove the restrictions imposed on the withdrawal of capital from the money-market by Companies; It is hereby enacted as follows:—

Enacted

1. This Act may be called the Indian Companies Restriction Repealing Act, 1918.

Repeal of Act I of 1918

2. The Indian Companies Restriction Act, 1918, is hereby repealed.

STATEMENT OF OBJECTS AND REASONS.

The Indian Companies Restriction Act, 1918 (XII of 1918), was passed in March 1918, to control the withdrawal of capital from the money-market by Companies and thus to facilitate the loan operations of Government during the war. It would in the ordinary course of events lapse six months after the conclusion of the war, but it is felt that its continuance even for that period will cause considerable inconvenience to all concerned, which at the present time is not warranted. By this Bill it is accordingly proposed to repeal the Act.

Signed,
The 29th August 1918 }

Offg. Secretary to the Government of India.

The following Bill was introduced in the Indian Legislative Council on the 11th September 1910:—

No. 26 of 1910.

A Bill further to amend the Indian Merchant Shipping Act, 1858 and 1908.

Whereas it is expedient further to amend the Indian Merchant Shipping Act, 1858 and 1908; It is hereby enacted as follows:—

- | | |
|---|--|
| <p>Enactment of section 114 of Act I of 1909</p> <p>Enactment of section 5 of Act V of 1908</p> | <p>1. This Act may be called the Indian Merchant Shipping Law Amendment Act, 1910.</p> <p>2. In section 114 of the Indian Merchant Shipping Act, 1858, for the words "belonging to, or in the service of, His Majesty," the words "belonging to His Majesty or the Government" shall be substituted.</p> <p>3. In section 5 of the Indian Merchant Shipping Act, 1908, for the words "belonging to, or in the service of, His Majesty or of the Government of India," the words "belonging to His Majesty or the Government" shall be substituted.</p> |
|---|--|

STATEMENT OF OBJECTS AND REASONS.

Section 5 of the Indian Merchant Shipping Act, 1858 (V of 1858), exempts ships in the service of His Majesty or the Government of India from the provisions of the Act relating to investigations into shipping casualties. Section 114 of the Indian Merchant Shipping Act, 1908 (I of 1908), provides for a similar exemption of ships in the service of His Majesty from all the provisions of that enactment. These exemptions have been found, in practice, to be inconvenient in so far as they do not admit of proper investigations being made into shipping casualties occurring in connection with hired transports, or of suitable disciplinary measures being taken against officers and crews of such vessels when found guilty of infractions of the shipping laws and regulations. With a view, therefore, to removing the exemptions in question, and confining them to the case of ships belonging to His Majesty or the Government of India as provided in section 741 of the English Merchant Shipping Act, 1894 (57 and 58 Vict., c. 60), it is proposed by this Bill to amend the sections cited so as to make the provisions contained in Chapter II of Act V of 1908 and in Act I of 1908 applicable to ships in the service of His Majesty or the Government of India.

SIMLA,
The 30th August 1910.

H. M. SMITH,
Offg. Secretary to the Government of India.

The following Bill was introduced in the Indian Legislative Council on the 11th September 1919:—

No. 78 of 1919.

A Bill further to amend the Indian Arms Act, 1878.

Whereas it is expedient further to amend the Indian Arms Act, 1878; It is hereby enacted by the following:—

Enactment. *Enactment* 1. (2) This Act may be called the Indian Arms (Amendment) Act, 1919.

(3) It shall come into force on the first day of January 1920.

Enactment. *Enactment* 2. For section 16 of the Indian Arms Act, 1878, the following shall be substituted, namely:—

"16. (2) Any person possessing arms, ammunition or military stores the possession whereof has, in consequence of the cancellation or expiry of a license or of an exemption, or by the issue of a notification under section 15 or otherwise, become unlawful, shall, without unnecessary delay deposit the same either with the officer in charge of the nearest police-station or, at his option and subject to such conditions as the Local Government may by rules prescribe, with a licensed dealer.

(3) When arms, ammunition or military stores have been deposited under sub-section (2) or, before the first day of January 1920, under the provisions of any law for the time being in force, the depositor shall, at any time before the expiry of such period as the Local Government may by rules prescribe, be entitled—

(a) to receive back any thing so deposited the possession of which by him has become lawful; and

(b) to dispose, or authorize the disposal, of any thing so deposited by sale or otherwise to any person whose possession of the same would be lawful; and to receive the proceeds of any such sale.

Provided that nothing in this sub-section shall be deemed to authorize the return or disposal of any thing the possession of which has been forfeited under section 14.

(3) All things deposited as aforesaid and not returned or disposed of under sub-section (2) within the prescribed period therein referred to shall be forfeited to His Majesty.

(4) (a) The Local Government may make rules consistent with this Act for carrying into effect the provisions of this section.

(b) In particular and without prejudice to the generality of the foregoing provision, the Local Government may by rules prescribe—

(i) the conditions subject to which arms, ammunition and military stores may be deposited with a licensed dealer; and

(ii) the period after the expiry of which things deposited as aforesaid shall be forfeited under sub-section (3).

STATEMENT OF OBJECTS AND REASONS.

The changes in the administration of the Indian Arms Act, 1878 (XI of 1878), which were announced in the Government of India (Home Department) Notification No. 8125-G., dated the 21st March 1919, are to come into force on the 1st January 1920. Out of the changes is a curtailment of the list of exempted persons; and there are probably a number of persons now in lawful possession of arms and ammunition, of which the possession by them will become unlawful by reason of that curtailment. It is necessary to arrange for the disposal of such arms and ammunition, and the present provisions of the Act are not sufficient for the purpose. The Bill has been framed to provide for the safe custody of such arms and ammunition, and at the same time to avoid the infliction of unnecessary hardship, by giving to the former possessors opportunity to dispose of their property by sale or other lawful means.

Appointments of teachers and other teachers.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is the re-establishment and incorporation of a university teaching and residential University at Duran. The scheme has been before the public at various times from 1915 onwards. The Government of India had on several occasions given pledges regarding the foundation of this University. The proposals made by a committee, which discussed the question in 1922, have been modified in certain important respects in the recommendations of the Calcutta University Commission. The provisions of the Bill generally follow the recommendations of the Calcutta University Commission. Certain additions have been made where the recommendations require supplementary provisions and a few modifications appear in the Bill, which however do not interfere with the general idea expressed in the Commission's report.

The University which is contemplated will not affiliate colleges, but will be a university institution. The teaching will be under the control of the University. But existing

institutions and the various bodies which may be expected to desire to participate in the activities of the University will be represented by Halls and Houses in which students will reside and receive tutorial assistance.

3. The University will be constituted as follows: The Governor-General will be the Visitor. The Governor of Bengal will be the Chancellor. The Vice-Chancellor will be appointed by the Chancellor. The main governing bodies will be a large representative Council whose functions will, for the most part, be legislative and supervisory; an Executive Council which will administer the affairs of the University; and an Academic Council, assisted by Faculties, which will be entrusted with the general regulation of instruction within the University. The creation of Boards (among which the Miscellaneous Advisory Board may specially be mentioned) and of committees is contemplated.

4. A special feature of the University, in which the present scheme essentially differs from that framed in 1912, is the proposal that the officers and teachers of the University will be employed not by Government but by the University itself, although provision is made for the appointment by the University on certain conditions of members of the public services in India to posts in the University. The University will constitute a persons or provision fund for the benefit of its employees. The method of appointments is shown in detail in the Statutes. With the exception of the first appointments, vacancies will be filled by the Executive Council, the selection being made in the case of Professors and Readers on the nomination of committees of selection and in the case of other teachers on a tender to be prescribed by Ordinances. These committees will ordinarily sit in India. But, for the selection of such Professors and Readers as should possess Western qualifications, candidates will be considered by committees of selection sitting in the United Kingdom, or in exceptional circumstances appointments may be made by the Secretary of State for India.

5. It has been thought advisable to retain in the case of this University the system of territorial universities, which was introduced as regards Indian Universities by the legislation of 1904. In this respect a departure has been made from the proposals of the Commission, but with such purpose as to carry out the intentions of the Commission.

6. Admission to the University will be open to those who have passed the Intermediate examination of an Indian University or an examination recognised as equivalent thereto. This proposal carries out one of the main recommendations of the Commission, namely, that University teaching should be confined to those students who have already completed the intermediate stage. Pending further decisions upon the important recommendation of the Commission on the subject of a Board of Secondary and Intermediate Education, the Intermediate examinations of the University of Calcutta and of other Indian Universities incorporated by law will be accepted.

7. The first Statutes are scheduled to the Act. They deal mainly with the constitution and powers of the governing bodies; the method of appointment of teachers of the University and certain points, such as the management of Halls, the withdrawal of degrees, the conferment of honorary degrees, and the registration of graduates. The scope of the Statutes as a whole is indicated in clause 22 of the Bill. In addition to Statutes, Ordinances will be framed by the Executive Council mainly on the proposal of the Academic Council. They will deal chiefly with academic matters. Questions of procedure, details of administration, etc., will be provided by Regulations. The Authorities and Boards of the University will be free to make their own Regulations subject to the Act, the Statutes and the Ordinances, and subject to modification by the Executive Council, against whose decision, however, the Authority or Board may make an appeal. This arrangement, which is generally in accord with the proposals of the Commission, is intended to retain stability in the working of the University.

8. Transitory provisions arrange for students now studying for examinations of the Calcutta University higher than the Intermediate examination, for first appointments and for other matters necessary for bringing the machinery of the University into play.

9. Special provision is made for the Jagannath College, which may retain its connection with the University of Calcutta for three years from the commencement of the Act, unless the Chancellor otherwise directs. There will give time for any negotiation which may be necessary with a view to absorbing this College as a Hall of the University.

(5) If in the opinion of the Magistrate there is sufficient ground for proceeding, he shall issue a summons or warrant as he may think proper for bringing before him each artiller, workman or labourer, and shall hear and determine the case."

3. (1) For section 2 of the said Act the following sections shall be substituted, namely:—

"2. Provided that no such order shall be made unless the complaint was brought within three months of the neglect or refusal.

3-A. The Magistrate may in his discretion refuse to make an order under section 2 where he is of opinion the contract is subject to a breach of which the complainant has been made was substantially unfair.

3-B. (1) If in any proceedings under this Act the Magistrate is of opinion that the complainant was false in the knowledge of the complainant or was fraudulent and vexatious, he may in his discretion order that the complainant shall be liable to show cause why he should not pay compensation to the person or persons complained against or to each or any of them.

(2) The Magistrate shall consider any cause which such complainant may show, and, if after so doing has satisfied that the accusation was false to the knowledge of the complainant

or was frivolous and vexatious, he may, for reasons to be recorded, direct that compensation, not exceeding fifty rupees be paid by the complainant to the person or persons complained against or to each or any of them.

(3) Compensation for the payment of which an order is made under sub-section (2) shall be recoverable as if it were a debt, and the Magistrate may, by the order directing payment of the same, further order that in default of payment the complainant shall be liable to imprisonment for a period which may extend to thirty days or until payment is made, whichever period is shorter.

Section 4 of the said Act shall be substituted, namely:—

XX of 1915.

STATEMENT OF OBJECTS AND REASONS

The Workman's Breach of Contract Act, 1899 (XIII of 1899), is recognised to be in its present form, unsuited to many objects to which it is applied, and has also been found capable of abuse by employers. It is proposed by this amending Bill to remedy these defects.

In the first place, the Bill fixes a period of limitation for a complaint at three months and confines the utilisation by employers of the provisions of the Act to cases where the advance does not exceed three hundred rupees, and the time for performance of the contract, where a time is fixed, does not exceed one year. In all cases, whether a time is fixed or not, the Magistrate may in his discretion refuse to put the Act into operation if he considers the terms of the contract are substantially unfair to the workman. Similarly, the Bill empowers the Magistrate to throw out a complaint after examining the complainant on oath and without compelling the appearance of the workman, if he thinks there is no ground for proceeding; and, by a provision analogous to that of section 156 of the Code of Criminal Procedure, 1898 (V of 1898), to award the workman compensation if the complaint was false or frivolous and vexatious.

Further, where a breach of contract has been proved, the Magistrate will have discretion to order either payment of the advance or performance of the contract and will no longer be bound by the opinion of the complainant. He will also have power to allow time for repayment and to order payment by instalments and, if the order is for performance of the contract, to fix a time not exceeding one year thereto. Any such order may be varied at the discretion of the Magistrate, but not so as to extend the period fixed for performance of a contract beyond one year.

Finally, the Bill enables imprisonment of either description to be ordered as a punishment for a breach of contract. Under the existing law imprisonment must, if ordered, be rigorous.

The proviso to section 3 of the existing Act has been re-drafted to give effect more clearly to the intention.

E. M. SMITH,
Offg. Secretary to the Government of India.

The following Bill was introduced in the Indian Legislative Council on the 18th September 1916:—

No. 51 of 1916.

A Bill to extend the operation of, and alterations to, amend, the Import and Export of Goods Act, 1916.

Whereas it is expedient to extend the operation of, and alterations to, amend, the Import and Export of Goods Act, 1916; It is hereby enacted as follows:—

Enacted this 1. This Act may be called the Import and Export of Goods (Amendment) Act, 1916. XI of 1916.

2. So sub-section (2) of section 1 of the Import and Export of Goods Act, 1916 (hereinafter referred to as the said Act), for the words "six months" the words "three years" shall be substituted. XI of 1916.

3. Section 7 of the said Act is hereby repealed.

STATEMENT OF OBJECTS AND REASONS.

This Bill proposes to extend the duration of the Import and Export of Goods Act, 1916 (XI of 1916), for two years and six months, as it is necessary to retain the powers of control given by the Act over certain exports and imports for some time to come, in the interests both of India and of the Empire as a whole.

Enacted,
The 16th September 1916.

G. S. RAJESH.

H. M. SMITH,
Offg. Secretary to the Government of India.

The following Bill was introduced in the Indian Legislative Council on the 15th September 1919—

No. 32 of 1919.

A Bill to indemnify officers of Government and other persons in respect of certain acts done under martial law, and to provide for other matters in connection therewith.

WHEREAS owing to the recent disorders in certain districts in the Punjab and in other parts of India, it has been necessary for the purpose of maintaining or restoring order to resort to martial law;

AND WHEREAS it is expedient to indemnify officers of Government and other persons in respect of acts, matters and things ordered or done or purporting to have been ordered or done for the purpose of maintaining or restoring order, provided that such acts, matters or things were ordered or done in good faith and in a reasonable belief that they were necessary for the said purpose;

AND WHEREAS certain persons have been convicted by courts and other authorities constituted or appointed under martial law, and it is expedient to confer and provide for the continuance of sentences passed by such courts or authorities;

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Indemnity Act, 1919.

2. No suit or other legal proceeding whatsoever, whether civil or criminal, shall lie in any court of law against any officer of Government, whether civil or military, or against any other person acting under the orders of any such officer for or on account of or in respect of any act, matter or thing ordered or done or purporting to have been ordered or done for the purpose of maintaining or restoring order in any part of British India on or after the 31st of March 1919 and before the commencement of this Act by any such officer or person; provided that such officer or person has acted in good faith and in a reasonable belief that his action was necessary for the said purpose; and if any such proceeding has been instituted before the passing of this Act it is hereby discharged.

3. For the purposes of section 2 a certificate of a Secretary to Government that any act was done under the orders of an officer of Government shall be conclusive proof thereof, and all actions taken for the aforesaid purposes shall be deemed to have been taken in good faith and in a reasonable belief that it was necessary therefor unless the contrary is proved.

4. Every person convicted under and by virtue of any sentence passed by a court or other authority constituted or appointed under martial law and serving in a judicial capacity shall be deemed to have been lawfully confined and shall continue liable to confinement until the expiration of such sentence, or until released by the Governor-General in Council, or otherwise discharged by lawful authority.

5. Where under martial law the property of any person has been taken or used by any officer of Government whether civil or military, the Governor-General in Council shall pay to such person reasonable compensation for any loss immediately attributable to such taking or using as may be ascertained upon inquiry of agreement by a person holding judicial office and inferior to that of a District Judge to be appointed by the Government to the behalf.

6. Nothing in this Act shall—

Notwithstanding

(a) apply to any sentence passed or punishment inflicted by or under the orders of any Commission appointed under the Martial Law Ordinance, 1919.

(b) be deemed to bar a full and unqualified answer of His Majesty's pleasure in answering or rejecting appeals to His Majesty in Council or to effect any question or matter to be decided therein, or

(c) prevent the institution of proceedings by or on behalf of the Government against any person in respect of any matter whatsoever.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to indemnify officers of Government and other persons for acts done bona fide in the course of martial law during the recent disorders, and to provide for the continuance of the sentences passed by courts established under martial law.

Such legislation is inevitable after a period of martial law, which is in its nature an extra legal proceeding, if officers relied on to discharge onerous and difficult duties in a time of emergency are to receive reasonable protection. The Bill goes no further than is necessary to effect this purpose. It gives protection only to acts done in good faith and in a reasonable belief that they were necessary for the purpose of restoring or maintaining order. It thus leaves open the question of fact in any given case to be considered by the intended Committee of Inquiry: and does nothing to prejudice the Committee's findings or the action which Government may take upon its report. Again, while restricting the operation of sentences passed by military courts established under martial law, the Bill does not affect appeals to the Privy Council from such sentences, nor does it relate at all to sentences passed or punishments inflicted by commissions appointed under the Martial Law Ordinances, 1917. The Bill moreover provides for the payment of compensation in respect of property taken or used during martial law.
